

# Lorien Trust

## Spell & Herb Tracker

This is an out of character document for the recording of expended power and expended herbs and cannot be stolen in-character.

***A valid and authorised Lorien Trust character card must be carried with you at all times whilst in-character.***

A Spellcasting and/or Power usage character may not be played unless this sheet is carried and your character details for the event have been filled in. After a spell is cast and power used, mark a single box using a dark pen (not pencil). You cannot cast any spell without this sheet. Any unspent power for each day is lost.

After a herb is used, mark a single box using a dark pen (not pencil). You cannot use any herb without this sheet. Any unused herb for each day is lost.

### **Using Herbs in-character**

Each Herb application requires a proximity action (holding your hand approx. 1ft from the target/target location) for 10 seconds (this does not require concentration). This sheet represents your ability to quickly pick and use herbs in your immediate area that are easily secreted - and cannot be traded or stolen.

### **Combinations of Herbs**

A list of effects and the number of herbs is listed at the bottom of this sheet. Some effects require multiple herbs to be applied for a single effect. Two or more characters with the Herb Lore occupational Skill may combine their herb allocation to apply an effect to a target. A minimum of one character must meet the requirements of the Unliving/Summonable effects to apply their specific Cure/Repair.

*This document is not created by the Lorien Trust but is designed for use with the Lorien Trust Ruleset.*
